BHAVAN'S COLLEGE (Autonomous), Andheri West

DEPARTMENT OF STATISTICS

Master of Science in Applied Statistics

20 INTAKES

🚀 **Why Choose This Program?**

In today's data-driven world, organizations need experts who can collect, analyze, interpret, and harness data for smarter decision-making. Our MSc in Applied Statistics equips you with cutting-edge skills to become a leader in data innovation.

📚 **What You'll Learn:**
- Advanced Statistical Modeling
- Machine Learning, Deep Learning & AI
- Data Visualization & Storytelling
- Python, R, SQL, and Cloud Computing
- Real-world Projects & Case Studies

🌍 **Career Outcomes:**
- Data Scientist
- Statistician
- Machine Learning Engineer
- Data Analyst
- Research Scientist
- Business Intelligence Consultant

🎯 **Program Highlights:**
- Hands-on learning with real industry datasets
- Interdisciplinary curriculum blending statistics, computer science & mathematics
- Access to data labs
- Expert faculty with industry and academic experience
- Internship and career support opportunities

📅 **Program Duration:** 2 years
📍 **Location:** Andheri West
💼 **Eligibility:** Bachelor's degree in Statistics, Mathematics, and Computer Science
