DEPARTMENT OF ZOOLOGY

Zoology is that branch of Biological Sciences which deals with the study of animals, both living and extinct, along with their anatomy, physiology, genetics, evolution, classification, habitat, distribution, development and behavior. We prioritize practical learning through visits to research institutes & field excursions. In addition to fostering academic excellence, our mission encompasses the cultivation of social responsibility, ethical conduct, respect for diversity, & unwavering integrity. It also offers the opportunity to consider ways to face global challenges such as climate change and food security, trying to find solutions to help both animals and humans alike

SALIENT FEATURES :

- Program under New Education Policy.
- Emphasizing research at both UG and PG levels adhering to the ethical guidelines.
- Organization of sessions by industry experts on relevant curriculum-based topics.
- Encouraging students to engage in critical thinking, specifically on curriculum-based topics.
- Providing opportunities for active learning.
- Fostering psycho-social growth amongst the students.

M.SC. ZOOLOGY - Animal Physiology

- Intake Capacity - 20
- Semesters - 4
- Core Courses - 6 ; Electives - 2
- Research Methodology Component
- On Job Training & Add-On Courses
- Internships, Projects & Dissertation
- Field Excursions & Experiential Learning

Courses offered

- B.Sc.
- M.Sc.
- Ph.D.
